

# Project Management Training

EDUCATIONAL COURSES FOR PROFESSIONALS

**Atran Italia is Global R.E.P. (Registered Education Provider) accredited by the Project Management Institute (PMI)® and provides the training courses to earn the *contact hours* requested for the PMI certifications.**

**The training courses are offered by employees of Altran Educational Services, Project Management Professional (PMP)® certified with proven professional expertise both in the educational field and in the delivering of projects, in their respective industry domains, with performance in technological and innovation processes, daily improved by best practices in the project management.**

## Did you Know?

In the next few years, the organizations foresee to invest in acquiring of a Project Management culture.

In order to reach this goal the organizations need to equip their employees with the skillsets required to fill future project management roles, reducing risks related to investments and projects and so to improve their business value.

The training can lead to a sustainable competitive edge to reach better results, but it needs to be based on an internationally acknowledged standard\* and to be validated by a professional certification.

\*Project Management standard:

- ANSI/PMI 99-001-2008;
- IEEE Std 1490-2003, Guide Adoption of PMI Standard;
- ISO 21500:2012, Guidance on Project Management.

## Our offering

The training courses are based on PMI® guidelines and standards (i.e. A Guide to the Project Management Body of Knowledge (*PMBOK® GUIDE*), Sixth Edition, Project Management Institute Inc., 2017) and may have customized contents to suit specific Customer needs collecting most effective Project Management best practices.
