

Petr HAVLIK

Executive Director and Member of the Board, Altran CZ

Petr Havlík has been with the company since June 2007, when he joined Sales and Marketing of SWELL, the Altran CZ preceding automotive engineering company est.1993. He took the COO and shareholder's role in 2014 aligned with the company ownership change and the Managing Director's role since November 2016, when Altran acquired SWELL.

A graduate in Mechanical and Biomedical Engineering from the CTU in Prague and MBA from CMI Praha/ESMA Barcelona, Petr Havlík started his career in medical technology R&D by the TU Delft in the Netherlands. The subject brought him to business positions at Boston Scientific or ELLA –CS. Excited about combining his international sales and marketing experience with the mechanical engineering origin in a new challenge, he joined the automotive E&D services business.
